A SECOND HALL FOR BANGLADESH DENIM EXPO

We are so overwhelmed seeing all the great excitement around our next show, held on the 8th and 9th of November. Such a great feedback, so many international denim professionals are looking forward to being part of Bangladesh Denim Expo.

The last edition of the expo held in May this year was attended by 4000 trade visitors from around the world where 50 exhibitors from 13 countries displayed their products.

On the backdrop of huge response from the exhibitors and visitors, the organizers of Bangladesh Denim Expo are going to double the size of the expo in its 5th edition.

For the first time this November the expo will be held in two halls where 100 exhibitors, including readymade garment manufacturers and denim fabric mills from Bangladesh and 17 other countries, will display their products. About 8000 visitors, including buyers and denim connoisseurs, from across the world are expected to attend this edition of the expo.

“A long queue of exhibitors has been waiting to join us. So, we are going to make size of the expo bigger so that we could accommodate as much quality exhibitors as possible.”

“Moreover, the expo has become a much awaited event in the international denim calendar. That's why we are also trying to expand the scale of the expo on a par with the expectations.”

Mr. Mostafiz Uddin

Founder & CEO of Bangladesh Denim Expo,
Managing Director, Denim Expert Ltd.
