HSBC PRESENTS

SUSTAINABLE APPAREL FORUM

17TH MAY 2017

Rajdarshan Hall (Hall-3)
International Convention City Bashundahara
Dhaka, Bangladesh

In today's context, knowledge is the key driving force to achieve the social environmental and economic sustainability goals.

Lack of adequate knowledge often limits the motivation of business organizations to adopt good practices. To this end the Sustainable Apparel Forum (SAF) offers a knowledge gateway and networking platform especially for the apparel & textile industry to discuss sustainability issues. In the event the audience will avail a unique opportunity to get answers to the most frequently asked / sought for queries at plant level.
